

Syringeless filter system Claristep

Sartorius Lab Instruments

Syringeless filter system Claristep®

Sartorius has developed a easy-to-use and straightforward filtration setup. The manually operated Claristep® Filtration System offers a way for clarifying your samples prior to analysis.

- Up to 8 samples are processed simultaneously
- No syringe required
- No need for a vacuum source or a power supply
- For low sample volumes ranging from 60 to 600 µl
- Hold-up volume 30 µl
- Suitable for all 12 x 32 mm test tubes

Scope of supply: Claristep® Station consisting of a base, a lid and an exchangeable tray
