

**Protection Gloves HyFlex 11-818****Ansell****Protection Gloves HyFlex® 11-818**

The extremely thin, yet very durable FORTIX® nitrile foam layer on the outside provides enhanced dry grip and very good breathing activity for cool, dry hands and less sweat formation.

The seamless nylon spandex backing material provides a feeling of working almost as with bare hands and a high touch sensitivity at the fingertips.

The extremely light HyFlex® 11-818 provides an ideal protection in general and assembly work thanks to an abrasion resistance of the EN stage 4.

Silicone-free material
