

## Sodio metossido 0.1 mol/l

Synonyms:

Sodio metilato

|                  | Classification          | Danger |                                                                                                                                                                       |
|------------------|-------------------------|--------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Molecular weight | ONU                     | 1992   |   |
| CAS              | Transport hazard class: | 3      |                                                                                      |
| EEC-N:           | Packing                 | II     |                                                                                                                                                                       |
