

# 1,2-Dimetossietano

Synonyms:

Dimetilglicole , Glicole etilenico  
dimetiletere

| C4H10O2          | Classification |                         | Danger |                                                                                                                                                                       |
|------------------|----------------|-------------------------|--------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Molecular weight | 90.12          | ONU                     | 2252   |   |
| CAS              | 110-71-4       | Transport hazard class: | 3      |                                                                                      |
| EEC-N:           | 203-794-9      | Packing                 | II     |                                                                                                                                                                       |
